

Innovative Anti-Aging ALL IN ONE Cream

Rejuvenate Skin With Fresh Euglena In Micro-Capsules

Euglena extract & Euglena oil blended with premium hydrating ingredients leaves skin supple, smooth and radiant

Advanced Technology Deliver fresh euglena extracts deep into skin
Euglena Capsule

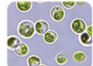

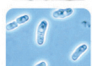

Micro-capsules protect euglena and algae extracts from oxidation naturally with vitamin C and E which burst as you apply and release fresh euglena, allowing deep penetration into skin for repair and rejuvenation.

Nano Technology Unique emollient ingredient
Euglena Oil

Enhanced emollient effect is achieved through nano-emulsification technology. It helps protect skin from dryness, improves elasticity and makes skin amazingly smooth.

Premium skincare essential ingredients
